Guide   ### Co-Guide

Name: Prof. Rujata Chaudhary   Name: Prof. Anagha Aher

Signature: _____   Signature: _____

Project Scope:

- **Automatic evaluation of mock test can be done.**

    A dummy aptitude test can be conducted for the student so that the will be able to get an idea of how an aptitude test is conducted.

- **Graphical Interface of user can be improved.**

    The user interface can provide more easy way to access the resources available like easy way to create drive for the TPO officer, easy statistics made easily available, improved graphics, etc.

- **Sending notification via SMS can be provided.**

    This will alert the user if the is any update about the drives taking place or about any new information related to training and placement cell by the way sending SMS to the registered ID's.
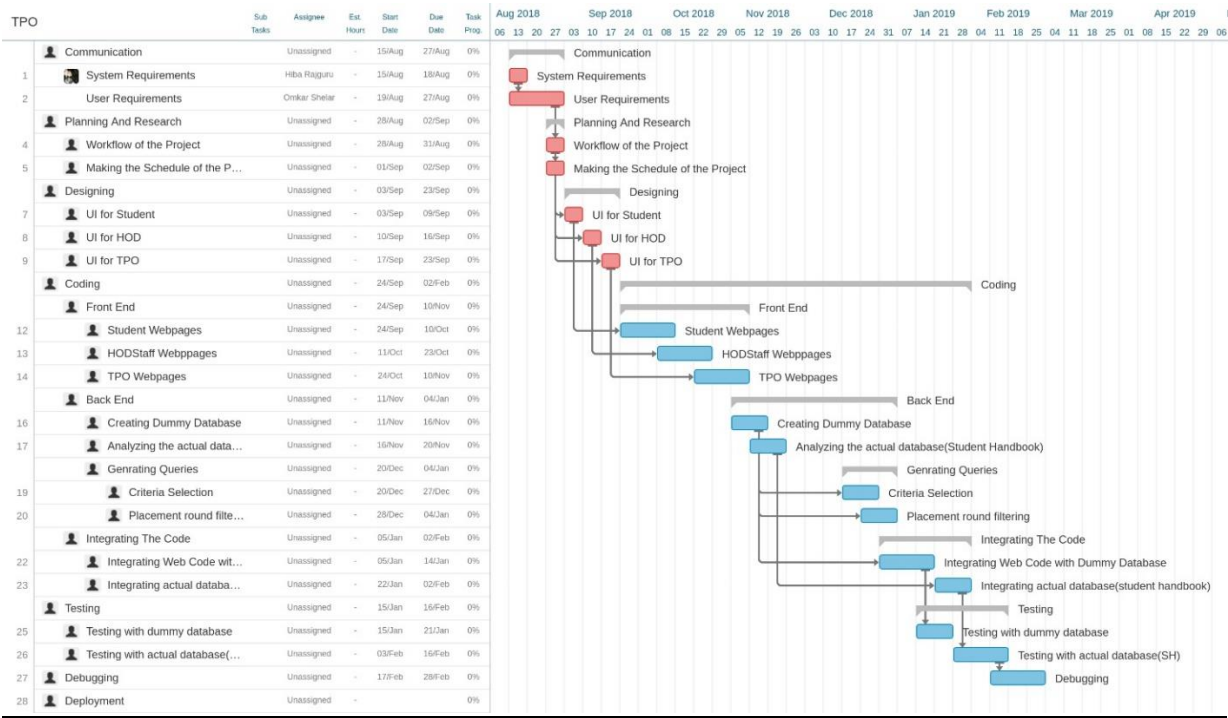

- **Various security protocols can be implemented.**

    No third person party will be able to access the data of the student, 2step verification of login can be provided to each and every user registered with the program.

- **The application can be made more user friendly**.

    Sorting of events can be done based on likes and dislike about the event which are scheduled.
